INTERNATIONAL CONFERENCE

ICFCIT 2027

International Conference on Future Computing and Intelligent Technologies

21–23 September 2027	SRM Institute of Science and Technology Kattankulathur, Chennai, India	Theme Innovate • Compute • Transform
----------------------	---	---

About the Conference

ICFCIT-2027 provides an international forum for researchers, academicians, scientists, industry professionals, innovators, and students to present and exchange original research, emerging ideas, and technological advancements in future computing and intelligent technologies. The conference promotes technical dialogue, interdisciplinary collaboration, and innovation addressing emerging real-world challenges.

Conference Objective

The conference aims to foster high-quality research, knowledge exchange, and academia–industry collaboration across Artificial Intelligence and Machine Learning, Data Science, Cybersecurity, IoT, Computational Intelligence, Smart Systems, Communication Technologies, Edge and Cloud Computing, 5G/6G, and advanced computing applications. It encourages secure, scalable, sustainable, and human-centric technological solutions.

Conference Themes

• Artificial Intelligence and Machine Learning	• Data Science and Big Data Analytics	• Cybersecurity and Internet of Things
• Computational Intelligence and Intelligent Systems	• Smart Systems and Communication Technologies	• Advanced Computing and Engineering Applications

KEY HIGHLIGHTS Keynote addresses Technical paper presentations Peer-reviewed research discussions Academic & industry networking	WHO CAN PARTICIPATE Faculty members Researchers & scholars UG/PG students Industry professionals & innovators	RESEARCH & REVIEW Original research Technical screening Peer review Camera-ready publication process
---	--	---

Publication

Conference proceedings are planned for submission to an appropriate internationally recognized publisher and abstracting/indexing services, subject to the respective publisher and indexing service evaluation and acceptance criteria.

CALL FOR PAPERS

Present your original research • Share ideas • Build collaborations • Shape future technologies
